

NORDIC CAFE LINGUA FOR YOUTH

NEWSLETTER | FEBRUARY 2025

NORDIC CAFE LINGUA WORKSHOPS IN PROGRESS

In this project, Nordic Cafe Lingua for Youth, 3 Nordic partners from Finland, Iceland and Sweden are working together, trying to create interest for our languages and culture. Our method is simple, we invite young people to our Language Cafes, where we introduce our Nordic life through simple but interesting flashcards, with words and photos, and other material that we have created in this project. To ensure participation we also use different games based on activities.

Our Cafe method is very informal, but fun and usually creates a very nice and relaxed atmosphere, with a lot of interactions. The theme during December was Christmas culture and food, and our guests had the opportunity to try out some of the traditional food in our countries.
